

ECO-FRIENDLY ANCHORING SOLUTIONS

MULTI-ANCHORS ANCHORING POINT

MULTI-ANCHORS ANCHORING

- Anchors attached to a plate with a nut - lock nut
- Anchoring point attached to a welded eye
- Anchor for:
 - Multi-directional tensile stresses
 - High combined stresses
- Dimensions on request according to the application

ANCHORING FOR PIPELINE

- Anchors attached to a plate with nut - lock nut
- Pipelines fixed by collar and supporting flange
- Pipeline stabilisation and transfer of combined stresses

$R_{p0,2} = 350 \text{ MPa}$
 $R_m = 470 \text{ MPa}$
 $\sigma_a = 204,77 \text{ MPa}$

$R_{p0,2} = 350 \text{ MPa}$
